

Infant 4 Weekly Newsletter

Friday 4th September

Our class motto:

Challenges make our brain grow stronger!

Diary dates and reminders...

- Water bottles: Children need to bring a labelled, reusable water bottle into school each day.
- PE is held on a Monday and Wednesday. Children need a white t-shirt, shorts and PE pumps. We will hold PE sessions outside on the playground unless it is raining so children also need to bring in long joggers/leggings and a jumper/zip-up. Unfortunately, children cannot wear earrings in PE or cover them with plasters for safety reasons.
- A timetable of our weekly lessons was sent home today. If you would like another copy, please ask and I can pop one into your child's bag.
- Please make sure you have logged into See Saw - if you need another QR code - these were sent home on Thursday, please phone school and let me know 😊 See-Saw is used to share photos and videos of class life, as well as messages about school.
- There will be no show and tell this term unfortunately, however, we will do a 'tell' during Wednesday's class assembly.

Spellings for next Friday's test. Please practise:

door floor poor
because

Home Learning

Each Friday, children will receive:

- Four spellings for the following Friday's test - these can be found on the bottom of the weekly newsletters.
- Phonics home learning on a separate piece of paper (Words to practise reading)
- An online Active Learn activity - please let me know if you need another copy of your child's Active Learn log in details. These details will be the same as the ones used last year.

Home learning is not expected to be completed over the weekend! Children have until the following Friday to complete any home learning.

Reading books will be sent out next week. When your child has finished their book, please make a note in their reading record and ask your child to change their book when they are in school. Children's reading books are not intended to be a challenge. They are sent home to develop a love of reading and to build up confidence, as well as practise key sounds and words learned at school.

This term's topic:

Our topic is 'Battles, Castles and War!' We are very excited to learn all about William the Conqueror and the Battle of Hastings. We will be learning all about castles and how they were built, as well as who lived there and how they were attacked.
