Lower Junior news!

'In this room, we don't do **easy** we make easy happen through **hard work** and **learning!**'

Hello everyone,

This week has been anti-bullying week in school so the children have been doing a range of different activities around this topic. In science, the children have continued looking at forces. They have been looking at how magnets attract and repel one another. In geography, the children have been conducting research to help them create a tourist leaflet.

In maths, the year 3 children have been looking at using mental methods for subtraction and the year 4 children have been looking at the properties of 2D shapes. In English, the class have been reading a range of explanation texts to identify the purpose. They then started to look at the features and were able to identify these within a text.

Thank you for all your kind donations towards Children in Need. The children had a great day and enjoyed meeting Pudsey in celebration assembly.

On Thursday 12th December, unfortunately Cobbs Brow will be closed due to voting. We apologise for any inconvenience.

The children who have speaking parts for our x-mas play will need to revise these frequently. This can replace reading home school readers on some nights. Over the next few weeks, children will be bringing home the songs for the Christmas play. We would like the children to practise these at home and have told them that this can also be part of their reading at night. This can be signed as usual in the children's reading records. **Our Christmas performances will be Monday 16th December at 7.00pm and Tuesday 17th December at 9.30am. The children will also have their Christmas party on Tuesday 17th December in the afternoon. More information will be given out about the sale of tickets closer to the time. We have also got our school X-mas fair that will be taking place on the 30th November.**

We have also got our school X-mas fair that will be taking place on Saturday 30th November. There will be lots of stalls and even the chance to meet Santa in his grotto.

Home learning

Home learning is on adverbs and using the partitioning method to subtract numbers.

Year 4s home learning is adverbs and rounding.

An **adverb** describes a verb, an adjective or another adverb. It tells us how, where, when, how much and with what frequency.

An adverb can tell...

HOW?	WHERE?	WHEN?	HOW MUCH?	HOW OFTEN?
quietly peacefully	above abroad	now yesterday	quite fairly	always sometimes

A huge well done to the stars of the week:

Junior 1

Ethan Scott

Katie Ormesher

Junior 2

Macie Elliot-Tynan

Declan Power

Mr Jennings, Mr Roberts and Mr Carter
