

Friday 17th January

Lower Junior news!

'In this room, we don't do easy we make easy happen through hard work and learning!'

Another busy week in school and the children have worked hard. In science, the children have been carrying out the experiment they planned last week- testing different materials and friction. In history the children have been comparing timelines and focusing on the different stages of the Stone Age. The children have also continued their work adapting the song 'Livin on a Prayer'.

In English, we have been text mapping to help retell the mammoth incident from last week. Also we have been creating our own headlines. In maths, the children have looked at sequencing, times tables and multiplication.

Year 4 children have also been exploring newspaper reports and in maths have been recalling and using multiplication facts.

We are outdoors for PE this half term so children will require warm clothing.

Year 4 children will continue swimming on Monday. Children will need a towel, swimming cap and costume/swimming trunks. If children require goggles, then they can bring them with them too.

Home learning

Home learning for all children is times tables and verbs.

A huge well done to the stars of the week:

Junior 1

Maycee Senior

Layla Simpkin

Junior 2

Zak Molyneux

Alex Paterman

Mrs Clarke

Charlie Power

Andrew Linderman

Mr Jennings, Mr Roberts and Mrs Clarke
