# Lower Junior news!

'In this room, we don't do easy we make easy happen through hard work and learning!'

It has been a great week in school and the children have all been working hard. In science, the children have been exploring different uses for magnets. In history the children created a VAK timeline to help remember some of the key dates during the Stone Age period. The children have also continued their work adapting the song 'Livin on a Prayer' with their own lyrics.

In English, the children have planned their own newspaper and have started to write their own. In maths, the children have been multiplying using mental and written methods.

Year 4 children have also started to write their own newspaper report. In maths, the children have been ordering fractions as well as adding and subtracting them.

We are outdoors for PE this half term so children will require warm clothing. We still have a couple of children without PE Kits.

**Year 4 children will continue swimming on Monday. Children will need a towel, swimming cap and costume/swimming trunks. If children require goggles, then they can bring them with them too.**

## Home learning

Home learning is number sequences and past tense verbs/ capital and full stops.

**I have provided the children with a hundred square to help with the number sequencing as this is what they would use in class to help support them.**

Year 4 children should be logging onto TTRockstars daily to prepare for the Times Table test later on in the year.

A huge well done to the stars of the week:

### Junior 1

Sophia Robin

Mollie Bentham

### Junior 2

Harry O'neil

Freya Connor

### Mrs Clarke

Isobel Farley

Jorja Jones

Mr Jennings, Mr Roberts and Mrs Clarke
