

Friday 31<sup>st</sup> January

# Lower Junior news!

'We believe in the power of YET!'

The children have been working extremely hard in school this week. In science, the children have been exploring different rocks and sorting them into their own categories. In history the children have been exploring different artefacts from the Stone Age period and explaining what they think they were. The children have also been using glockenspiels and garage band software to play tuned instruments to 'Livin on a Prayer'. In art they have continued to sketch a cave painting from the Stone Age.

In English, the children have continued to write their own newspaper report on the Woolly Mammoth incident. In maths, the children have been grouping and dividing using mental methods.

Year 4 children have also continued to write their newspaper reports. In maths, the children have been adding and subtracting fractions.

We are outdoors for PE this half term so children will require warm clothing. We still have a couple of children without PE Kits.

**Year 4 children will continue swimming on Monday. Children will need a towel, swimming cap and costume/swimming trunks. If children require goggles, then they can bring them with them too.**

**Next Friday (7th) is number day in school. The children can come into school dressed as a number or with clothing that has numbers on. Throughout the day children will complete activities focused on number.**

## Home learning

Home learning for year 3s is division and a grammar workout.

Year 4s is a worksheet on pronouns.

A huge well done to the stars of the week:

### Junior 1

Poppy Alger

Frankie Molyneux

### Junior 2

Harry Johnson

Millie Stansfield

### Mrs Clarke

Ella Goodier

Joel Williams

Mr Jennings, Mr Roberts and Mrs Clarke
