

Friday 7th February

Lower Junior news!

'In this room, we don't do **easy** we make easy happen through **hard work** and **learning!**'

Another super week in school and the children have been fantastic. In science, the children have been investigating different types of rocks. In history the children created a non-chronological report all about the Stone Age village Skara Brae. The children have also really enjoyed number day working on budgets and money. This will be carried on next week.

In English, the children have finished writing their newspaper reports. In maths, the children have been multiplying and dividing amounts of money.

Year 4 children have also finished their own newspaper report. In maths, the children have been adding and subtracting decimals.

Year 4 children will continue swimming on Monday. Children will need a towel, swimming cap and costume/swimming trunks. If children require goggles, then they can bring them with them too.

Next week will be our last week of this half term. The children will finish for a week on Thursday 13th February. After half term PE will be changing from Outdoor Education to Gymnastics so children will need indoor PE Kits.

Home learning

Home learning is a comprehension on the Stone Age and word problems for multiplication and division.

Year 4 children is times tables and a grammar activity (This will be handed out on Monday)

A huge well done to the stars of the week:

Junior 1

Ruby Donohoe

Ethan Scott

Junior 2

Owen Beech

Michael Rea

Mrs Clarke

Sofia Hamer

Chay Bennet Devine

Mr Jennings, Mr Roberts and Mrs Clarke
