

Friday 6th March

Lower Junior news!

'In this room, we don't do **easy** we make easy happen through **hard work** and **learning!**'

It has been a busy but exciting week in school and the children have produced some fantastic work around the book 'Stig of the dump'. The children started the week by making predictions on what they thought was going to happen in the story. They have also been discussing their understanding of the text, creating character sketches and wrote a diary in the role of one of the characters. In the afternoons, the children have produced some stunning artwork based on Stonehenge.

We also had our 'Stone Age Day' on Thursday and the children all seemed to thoroughly enjoy themselves. They completed a carousel of activities in the morning - shelter building / Stone Age music / Diet and then learnt about Stonehenge in the afternoon. The children looked amazing in their costumes so thank you for all your help with those!

Thank you for all those parents who managed to attend our internet safety assembly. The children thoroughly enjoyed educating everybody on the risks of socialising online and we will send out questionnaires and information next week.

Next week, will be STEM (science, technology, engineering and maths) week in school and the children will be completing different investigations across the week. There is also a competition to try and find the longest carrot.

It is Sport Relief on Friday so the children have the option to come dressed in their own clothes for a small donation.

Home learning

Home learning is a book review.

Year 4 children will be working on addition/multiplication and using alternative words.

A huge well done to the stars of the week:

Junior 1

Daisy Barber

Cassie Murrell

Junior 2

Mollie Carter

Freya Connor

Mrs Clarke

Elliot Freeman

Andrew Linderman

Mr Jennings, Mr Roberts and Mrs Clarke
