

Friday 13th March

Lower Junior news!

'In this room, we don't do easy we make easy happen through hard work and learning!'

The children have had another exciting week in school conducting different investigations as part of our STEM Week. The children have thoroughly enjoyed the challenges they have been set and have produced some fantastic work. Their morning challenge was to stretch a Curly Wurly as far as they could in 10 minutes without it snapping. A big well done to our winning team (Mia, Mollie and Lottie) who managed to stretch it 3.13m!

In the afternoon, the children were set the challenge of producing a structure that would protect an egg that was being dropped from 2m. The children came up with fantastic ideas and looked at the science behind why each material would be a good/bad choice. All groups were successful and thankfully we had no broken eggs. Thank you for everyone who sent in things from home to support the children with their models, this was greatly appreciated and meant the children could include everything in their designs.

We have also started to prepare for the **Art Gallery** which will be held in the **School Hall on Thursday 19th March**. The children are creating a class painting using the work of British artist 'David Hockney'.

Tonight, the children should have brought home a letter about parents evening. If these could be returned as soon as possible, so I can try to give you the time that suits you best. Anybody who is unable to attend, please let me know and we will try to rearrange another date for you to pop in.

Thank you for all your kind donations towards Sport Relief.

In regards to the coronavirus, the latest government advice is as follows:

Stay at home for 7 days if you have either:

- a high temperature
- a new, continuous cough

Do not go to a GP surgery, pharmacy or hospital.

You do not need to contact 111 to tell them you're staying at home.

Home learning

Home learning is sentence work and maths arithmetic.

Year 4 children will be working on times tables.

A huge well done to the stars of the week:

Junior 1

Sophia Robin

Frankie Lathom

Junior 2

Jake Wills

Thomas Hague

Mrs Clarke

McKenzie-Leigh Gregson

Leonie Turner

Mr Jennings, Mr Roberts and Mrs Clarke
