

Hello Everyone! My name is Mrs Mort and I am the Class Teacher for the Little Acorns Nursery at Cobbs Brow Primary School. This is my seventh year at our school, and I love being in the nursery as every day is full of activities and adventures. I live in Burscough with my little family and our poodles Emmett and Henry. I love reading, being outside and getting crafty. I'm very excited to meet you all and for her to have lots of fun making new friends and creating memories in our super nursery.

Hello, I am Mrs Brady and I work in our lovely 3-4 year old nursery. I have worked at Cobbs Brow primary school for 16 years, working in both of the nurseries since they have opened. There is nothing I love more than seeing our children grow from the beginning to the end of their school journey and being a part of that has always been a highlight of my job. I am also the manager of the Breakfast and After School Club, so if you need this facility you can be sure that your child is with someone they are familiar and comfortable with. You might hear me before you see me as I enjoy singing songs, reading stories and being creative! I can't wait for you to join all the fun and be a part of Little Acorns.

Hello I am Miss Durkin and I work at Little Acorns Nursery here at Cobbs Brow Primary School. This is my second year working at Cobbs Brow although it feels like I have never left as I attended this primary school. This school is still the most welcoming and wonderful family to be a part of. I know you will love it just as much as I did when I was a little girl. I am excited to meet you all, learn all about your family and favourite things to do as well as read you lots of lovely fun stories and help you grow into BIG acorns!

My name is Mrs Cullen, and I am the Nursery Assistant in Little Acorns. We have so much fun in nursery. We love making pictures and exploring all our wonderful resources. We have a fantastic outdoor area too! I have worked at Cobbs Brow for a few years now and I may have looked after your brother, sister or cousin!

I live in Skelmersdale and enjoy walking my little dog Bella. I will give you a wave if I see you out and about! I can't wait to see you in September, I am already thinking about all the brilliant things we can do! See you soon!
