

Junior 4 & 5 News!

Dear Parents,

What another busy week we have had. The children have made a superb return to school and their effort in all lessons has been amazing. They should be so proud of themselves; I know we are! This week in science, the children have continued to investigate the electrical conductivity of materials and reported their findings. In geography, we have identified microclimates around school and started to plan our own field study with the aim of finding the perfect home for a hedgehog.

A few reminders:

- PE sessions are on Mondays for the Year 5 children and Tuesdays for all children in Junior 4 and 5. Please make sure that your child has got their full PE kit in school.
- Children return to school on Monday 12th May.

English and Maths

This week in English, the children have continued to write their information texts on the Artic or Antarctica. They have looked at using formal and technical language and how to create cohesion within their writing. In maths, we have found a fraction of a quantity and identified equivalent fractions. The children have been working extremely hard in school this week.

Reading and Spellings

Your child will bring home their reading book and we encourage children to spend about 15 minutes reading to an adult at home each evening. This is very important and in Year 5 and 6, children need to work on reading for lengthier periods, in order to build their reading stamina. Children also need to practise their spellings every night ready for their test on a Friday.

Stars of The Week

Junior 4: Emily Britton & Ella Butterworth
Junior 5: Layton Lomax & Lucy Gilbody
Miss Taylor: Leonie Turner & Tyler Gilland

As part of our promotion of Growth Mindset, Junior 4 and 5 are focusing on the quote, 'If it doesn't challenge you, it won't change you!'

Thank you

Mrs Pugh, Miss Williamson
and Miss Taylor
