Home Learning task:

This week our home learning task is linked to our English.

We are having a big focus on our spelling skills for the next few weeks. For their home learning, children could practise spelling the Year 1 words attached to the back of this newsletters. If we can spell them all, please practise some of the Year 2 words on the back of this newsletter. (Y2 children are not expected to be able to read and spell all the Y2 words at this point in the year)

Some of the learning that has taken place this week...

In Maths we have practised reading quarter past and quarter to times on a clock. In English we have written a character description of the dark and planned our own version of the story. In History we put each significant person and event into chronological order using time lines and in Art we have designed our Christmas decoration which will be available to collect at the art gallery on the 11th December after school.

Next week...

We will be writing our version of the Dark in English. In Geography we will be naming and identifying the different continents and oceans. In Art we will be making our Christmas decorations. We will also be making Christmas cards for the elderly as part of our school 'Giving back to the Community' initiative.
