'We believe in the power of YET!'

Hello everyone,

Another brilliant week in school and hasn't the weather been amazing! The children have enjoyed Healthy Eating and Sports week. In Science the children learnt about the process of seed dispersal. In RE the children looked at the story of Rama and Sita. In computing the children experiment with coding through scratch. Also in PE the children continued their athletics in the sunshine.

In English the children started a new topic of biographies. They were able to create their own verbal autobiography and identify features of a biography. In maths the children have been working on angles within and a shape before moving onto column addition as a written method.

## NON-UNIFORM DAY

To support us in raising money for school, we are planning to have 2 non-uniform days this term. These will take place on:

These items will help stock up our stalls on the day.
